

Harmony Thiessen

Keynote Presenter, Educator, Consultant, Creative

Keynote presenter Harmony Thiessen has spoken to over 200,000 people in over 20 countries for over 20 years! Born to inspire, Harmony focuses on creative brain training, problem-solving skills, innovation strategies and the creative mindset. An accomplished abstract artist (artmystory.com), Harmony uses the same open-minded techniques that come naturally to her in art to educate and equip **anyone** who wants to learn creative thinking for practical solutions.

After a 20-year career in human relief and development in developing countries, Harmony has owned several small businesses: speakers coaching, marketing, digital marketing, communications, and art-related retail products. Harmony's graduate studies majored in education: leadership and curriculum design. She serves on several leadership teams in business, was a member of the Disaster Relief Management for the Canadian Red Cross, and works as a court appointed advocated for Children. (CASA)

In 2017 Harmony launched Sugar Snaps University to provide an online learning environment focused entirely on creativity, creative brain training, problem-solving, innovation and strategic implementation. There's a long road of development ahead, but every day the magic continues.

Having lived in Canada for decades, she recently returned to the United States and currently resides in the Denver area.
